# DHALAY INTERNATIONAL

Elite Academy Kuwait Team,

1. We confirm our understanding that delivery will be made to **Kuwait International Airport**, with customs clearance, duties, local transportation, and any related arrangements from that point onward being your responsibility.

2. Regarding the samples, we will arrange clear pictures and videos of each item with your logo applied for your review and approval before proceeding with mass production. As requested, there will be no need to send physical samples at this stage. We will do our best to provide the pictures and videos as soon as possible to avoid any delay.

3. Once the samples are approved, we will confirm the expected production lead time for the full order quantity and proceed accordingly. We also understand the importance of dispatching the completed shipment at the earliest possible opportunity.

4. We will prepare and submit a revised invoice showing the unit price for each item, along with the quantities broken down by size for each item, so you can complete your internal paperwork.

5. We will also ensure that all necessary commercial and shipping documentation required for customs clearance in Kuwait is provided with the shipment.

6. We appreciate your cooperation and are pleased that we have reached an understanding that works for both sides. We look forward to moving ahead with the order and will keep you updated at each stage.

Best Regards,
**Dhalay International**
